

Webinar on " Liberal Education in India"

Under the vision and guidance of the Principal, Ms Karuna Yadav, Kapil Gyan Peeth organised a very informative and enriching online webinar in the series of 'Career Counselling' for the students of classes XI & XII to introduce the concept of Liberal Education, undergraduate programmes, higher education, placements etc in collaboration with the Ashoka University on 23 August 2021.

Ms. Rangoli Dhingra, Academic Counselor Outreach, Ashoka University, was the keynote speaker of the webinar, whose expertise made the students equipped with the knowledge of Liberal Education. She explained how the Liberal Education system helps students develop abilities to hone a creative mindset and inculcate skills to think out of the ordinary. The development of skills, such as-critical thinking, problem-solving, communication skills etc make Liberal Education even more important in today's times. Focus on it can create global leaders capable of solving intricate problems through rational and critical thinking. It helps the students to pursue higher education in any field of choice and make a career in the domain of technology, research, journalism, digital communications, etc.

The hour-long session came to an end with a note of thanks by the Vice Principal, KGP, Ms. Reena Agarwal for presenting a very beneficial session for the students, as they comprehended the utility and horizons of Liberal Education. It gave them new perspective to look beyond the conventional courses.
