

Rajasthan Science Congress-8 Exhibition

On November 22, 2021 students from classes IX to XII of Kapil Gyanpeeth visited the Rajasthan Science Congress-8 Exhibition organised by India International School, Mansarovar wherein senior scientists from prestigious organisations like DRDO etc exhibited their innovative modals and students got wonderful opportunity to interact and satisfy their queries. The aim was to instil the love and curiosity to explore the diversified field of different scientific knowledge among students. The exhibition included stalls showing working modals of waste solar energy, hydropower plant, global warning , displayed and explained by using charts, models and working models. It was a great learning experience for the students.
