

Kapil Gyanpeeth organised a Subject Orientation Programme for its students of Class X to educate them on different subjects that are offered in class XI to help them choose subjects, most suited to their aptitudes and capabilities.

Principal, Ms Karuna Yadav, sensitised the students about the importance of correct decisions while opting for subject combinations.

Based on your career preferences, the decision you make would pave way for the rest of your life, she said. Subject Experts spoke on various topics, curriculum and its scope.

Vice Principal, Ms. Reena Agarwal, while speaking asked the students to select subjects based on their domain of interests and not the ones guided by the peers or parental aspirations.

Students were briefed about the importance and opportunities of Humanities, Sciences and Commerce as streams through well-designed presentations.

The session provided the students with a deep insight and a detailed information to make smart choices in deciding the subjects after class X.

Students appeared to be confident after attending the long session.
